

Enhancement and Strategy Sub-Committee

1. To advise and assist Faculties and the University with the structured enhancement of the student learning experience.
2. To advise and assist Faculties and the University with the evaluation of opportunities for new portfolio development relating to degree programmes, including opportunities for collaboration with other institutions.
3. To develop and co-ordinate the implementation and monitoring of the University's key strategies relating to the student experience on degree programmes:
 - advising on strategy development;
 - monitoring implementation;
 - advising on and monitoring cross-institutional development needs;
 - establishing, monitoring and reviewing mechanisms for the disbursement of University funds to support strategies.
4. To advise and make recommendations on strategic development in relation to policies and initiatives at national and international level.
5. To assist and advise Faculties and the University on innovation and development in learning, teaching and assessment by:
 - fostering good practice, innovation and flexibility in learning, teaching and assessment practice, technologies and methods;
 - considering and making recommendations on staff development needs in relation to the delivery of programmes.
